A special recognition to
ELI VUJOVICH
who was part of an Honor Flight on September 8th. He was flown with other veterans to our Nation's Capital to tour the various military monuments. As a part of the tour the Honor Flight organizers held a SURPRISE "Mail Call" in remembrance of how vital such an occasion was to the military service folk who were away from home. We were privileged to send cards to thank Eli for his service as a Cold War

Veteran (USAF, 1954-1958).

Thank you again, Eli, for your service and sacrifice.

Our thoughts and prayers remain with the Bellamy Family. We are sorry for your loss.

“The Tallest Oak in the Forest was Once Just a Little Nut that Held Its Ground!”

**Happy National Nut Day
October 22nd**

October is
**Fall
Car Care
Month**

Getting your vehicle ready for winter while temperatures are still mild is a proactive approach to preventive maintenance that helps ensure safety, reliability & fewer unexpected repairs when severe winter weather strikes. The non-profit Car Care Council recommends 10 basic maintenance procedures during Fall Car Care Month in October to keep your vehicle operating at its best.

1. **Check all fluids**, including engine oil, power steering, brake & transmission, as well as washer solvent & antifreeze.
2. **Check the hoses & belts** to make sure they are not cracked, brittle, frayed, or loose.
3. **Check the battery** & replace if necessary. Make sure connections are clean, tight & corrosion-free.
4. **Check the brake system** annually & have the brake linings, rotors & drums inspected at each oil change.
5. **Inspect the exhaust system** for leaks, damage & broken supports/hangers.
6. **Check engine performance** to make sure it is delivering the best balance of power & fuel economy & producing the lowest level of emissions.
7. **Check the heating, ventilating & air conditioning (HVAC) system** as proper performance is critical for interior comfort & for safety reasons such as defrosting.
8. **Inspect the steering & suspension system** including shocks, struts, chassis parts & other related components.
9. **Check the tires**, including tire pressure & tread wear.
10. **Check the wipers & lighting** so that you can see and be seen.

“Fall Car Care Month in October is the ideal time to give your car some extra attention before harsh winter weather sets in,” says Rich White, Executive Director, Car Care Council. “Taking a little time for auto care now can help you avoid the headaches of a costly emergency breakdown later.”
